

## TECHNICAL DATA SHEET RAPIDA OPTIMA HiT PROCESS QK 1765

### PRODUCT LINE

|             |                                   |
|-------------|-----------------------------------|
| 1 QK 1765   | RAPIDA OPTIMA HiT PROCESS YELLOW  |
| 2 QK 1765/5 | RAPIDA OPTIMA HiT PROCESS MAGENTA |
| 3 QK 1765   | RAPIDA OPTIMA HiT PROCESS CYAN    |
| 8 QK 1765   | RAPIDA OPTIMA HiT PROCESS BLACK   |

### APPLICATION

The **RAPIDA OPTIMA** was designed with **HiT (Highly Improved Technology)** to provide the best quality for commercial printing for conventional and stochastic screening, as fine as 10 microns. **RAPIDA OPTIMA** is our fastest setting ink available, requiring as little as five minutes before printing can occur on the back side. Although wax free to allow laminating, stamping and off-line UV coating, **RAPIDA OPTIMA** has very good rub resistance.

### SPECIAL CHARACTERISTICS

- Exceptionally fast setting
- Excellent dot sharpness
- Coatable, laminatable, & stampable
- Suitable for stochastic screen printing
- Extended stay-open

### PROPERTIES

|             | Tack @ 1200rpm |
|-------------|----------------|
| 1 QK 1765   | 12.0           |
| 2 QK 1765/5 | 13.0           |
| 3 QK 1765   | 15.0           |
| 8 QK 1765   | 15.0           |

### PACKAGING

Vacuum Sealed Cans      2.5 kg      5.5 lb
